

## 15th Aug, 2022 - Independence Day Celebration

The Buddhi community was thrilled to be able to celebrate our Nation's 75th Independence Day on campus after a two-year gap, and the staff and children warmly welcomed grandparents, parents and other guests to their celebration. The school walls were bedecked in our national colours and displays of thoughtful messages from children about what independent India means to them. After proudly hoisting our national flag, senior student Siddharth spoke about the achievements of India's entrepreneurs and their enterprises.

A sweet rendition of patriotic songs and a lovely dance by our young learners followed, that entertained everyone. Last but not the least, our primary learners proudly launched a compilation of short stories authored by them for the school library. The guests were also, no doubt, impressed and delighted by the exhibits showcasing the learning by children & students in a range of projects and activities, which also highlighted the holistic and integrated format of education at Buddhi. What better way to salute our Nation's founders!
